BOARD

Report: 2024-040

Subject: WRPS Regulated Interactions – 2023 Q4 and Annual Report

From: Office of the Chief of Police
Strategic Services Branch, Planning and Project Management Unit

To: The Chair and Members of the Waterloo Regional Police Services Board

Date: February 21st, 2024

Recommendation

For information only.

Summary

The WRPS *Regulated Interactions* procedure requires that a review be conducted quarterly of the entire Regulated Interactions database. The purpose of this review is to ensure compliance with Ontario Regulation 58/16 - Collection of Identifying Information in Certain Circumstances - Prohibitions and Duties. This report provides information on the regulated interactions conducted in the fourth quarter and the year-end totals for 2023.

Report

In accordance with the *Regulated Interactions* procedure, this report is completed for Regulated Interactions gathered by WRPS from January 1 to December 31, 2022.

In the entirety of 2023, there were zero (0) Regulated Interactions conducted. This is consistent with the overall decline in the use of this tool by WRPS members.

Strategic Business Plan

- To increase transparency and community trust using data and technology
- To use timely, accurate, and relevant information to support informed decision-making and accountability across the organization

Financial and/or Risk Implications
